

List of cooperating medical institutions on individual vaccinations in Chiba City(in fiscal 2021) - We recommend Vaccination be home doctor

Note. 1 Vaccinations conducted by medical institutions are different. And as the implementation days and time , etc. are different, please make a reservation for vaccination.

※Medical institutions only for HPV are not listed. Vaccinations conducted by each medical institution are posted on the website of the Infectious Disease Control Division..

The medical questionnaires are distributed at the Infectious Disease Control Division. Also, they are available at the Health Division of Welfare and Health Center of each ward , it is also placed in each medical institution.

3. Please bring a vaccination number sticker(if you have) and Maternal and Child Health Handbook. (if you forget your Maternal and Child Health Handbook, you will not be able to inoculate your child)
